

JENNA HAMPTON

WEB & GRAPHIC DESIGNER / ART DIRECTOR

ABOUT

Working with marketing professionals for over 17 years as a designer I am very comfortable with digital marketing strategies. I specialize in web design and front-end development working extensively inside of WordPress, Shopify, Hubspot as well as coding my own static HTML microsites. I can use all major Adobe Creative Suite products I have worked heavily in branding, brand strategy, and messaging.

EXPERIENCE

- WEATHERFLOW - TEMPEST INC.**
Creative Direction/ Brand Management
10/2014 - 01/2025
10 years, 5 months
Art Direction, Web Design, HTML/CSS, Graphic Design - (app design, microsites, landing page design, 1 sheets, product guides, packaging).
- RAVEN SUN CREATIVE**
Lead Designer
06/2013 - 06/2014
1 year, 1 month
Managing assets for use in large scale proposals for the Theme Park Industry. Designing large scale proposal books, powerpoint templates, company collateral, Google Apps administration, along with website design and Wordpress implementation for Raven Sun Creative
- DME**
Web Design Lead
01/2008 - 05/2013
5 years, 5 months
Worked with the Software Development team as well as the Marketing Department to create e-commerce landing pages as well as several online marketing initiatives. Coded all finished designs in HTML/CSS for html5, html4, css2, css3 specifications. Used wire framing to refine the existing web-to-print automation framework with emphasis on usability and created the necessary CSS. Used backwards compatibility awareness to help bring modern web design and standards to users who may still have had a necessity for older browsers, IE6 in particular. Provided occasional email design and coding as well as Flash banner design execution and Flash interactive video functionality.
